

Ron Fini

Director,
Business Development

Ron Fini has over 14 years of experience in executive retained search. With vast experience across a broad range of market segments, Ron conducts senior-level assignments for a diverse number of clients within the Aerospace, Industrial Products and Electronics Manufacturing industries. Ron holds a Bachelors of Science in Mechanical Engineering from Cleveland State University. His experience as a Product Development Engineer has served him well in successfully completing a wide range of engineering, manufacturing and technology related positions.

The foundation of Ron's search practice lies in his passion and commitment to a successful outcome for his clients. With his tenacious approach, he has a proven track record of completing multiple assignments with his strategic partners. His search strategies are thorough and results orientated with a hands-on approach and an in-depth analysis of the client's needs.

Ron has completed assignments for Fortune 100 clients, as well as smaller public and private companies facing the unique challenges of market entrance and positioning. His experience spans all functional disciplines from General Management to Marketing, Sales, R&D and Operations.

Prior to joining CGI (Carmon Group, Inc.), Ron was a Senior Executive with a retained search firm headquartered in Cleveland, Ohio, where he successfully completed many of the firms' most challenging Sales, Marketing and Engineering executive level searches.
